In 2007, the Illinois General Assembly directed the Illinois Board of Higher Education (IBHE) to create a task force to develop a public agenda for higher education in the State of Illinois. The final product, "Public Agenda for College and Career Success" is an action agenda and master plan that sets state priorities, develops policies and allocates resources to address the education, workforce, social, and economic needs of Illinois. Judy Erwin, Executive Director of IBHE, will present key aspects of the Public Agenda, including goals, recommendations and strategies outlined in the final publication approved by the IBHE in December 2008. *Co-Sponsored by the Forum on the Future of Public Education, College of Education, and the Institute of Government and Public Affairs (IGPA), University of Illinois.*
